Yoga/Mindfulness

Monday, Feb 24th

Period 1 - grade 1/2
Period 2 - grade 3/4
Period 3 - grade 5/6
Period 4 - grade 7/8

The month has been going by quickly!! We have been reading up a storm here at OES. Many fun activities have been taking place and we are not done yet!! Students are helping fill out the Library Scholastic 100 books challenge. We are reading 100 books to help kids in need across Canada. Books that are read and returned to the library are marked down on the chart which is posted on the library bulletin board. We are already half way there!! The I Caught You Reading wall is on display! I am hoping to add a few more rows before this month is over!!

Kindergarten!

Many thanks to all of the parents for the wonderful Valentine's Day lunch. The students had an exciting day, that's for sure.

This week we are continuing with our Rainbow Theme and doing a variety of activities involving crayons and colour. In Math, we will continue with identifying, reproducing, extending and creating patterns as well as continue building on their number sequence skills. We've extended beyond our expected 1 -30 and have zoomed all the way to 100.

Please continue reading your little books with your child, every book read definitely helps build their literacy skills.

Mrs. Lindsay

1st

2nd GRADE

I hope everyone enjoyed the long weekend!

In literacy, we continue to practice reading and spelling high frequency sight words, you may have noticed some spelling quizzes coming home on Friday's. Grade 1 and 2 have been working on creating their own stories with emphasis on begging, middle and end.

In math, we continue to practice addition and subtraction everyday. Grade 1's have been working on different ways to make 10 while grade 2's have been working on solving word problems. We continue to practice counting by 2's and counting backwards from 100.

A reminder that this Wednesday, February 19th, is our 100th day in school and our class will be celebrating. Please send 100 pieces of a food item to school with your child to add to our trail mix!

Have a wonderful week!
Miss Ushey

Reading Matters!

HERE'S THE IMPACT OF
READING 20
MINUTES PER DAY!

A student who reads A student who reads A student who reads

20:00

minutes per day

5:00

minutes per day

1:00

minute per day

will be exposed to
1.8 MILLION
words per year
and can score in
90th PERCENTILE
on standardized tests

will be exposed to

SCHOLASTIC

FAMILY SKATE NIGHT

Tomorrow, Wednesday, February 19 from 6:30PM to 8:30PM is Family Skate Night at the Onanole Rink. Ian Porteous will have his sugar shack set up outside the rink, and the canteen will also be open. Skating and the sugar shack are free of charge for participants.

All students are to be accompanied by a parent and anyone under 18 going out on the ice must wear a helmet. If you do not have a helmet, and have no one you can borrow from, contact the school and we'll see what we can do.

Hello everyone,
It has been a busy few days in Grade 3/4 and we are so excited to be celebrating our 100th day of school on February 19th!

Here are a few things that we are focusing on in class:

ELA: We are continuing to look at characters in our books as well as in our writing. We are working on describing our characters appearance as well as dialogue exchanges between characters. We are very close to finishing our book Spy Penguins and we can't wait to see if Agent Q and Agent 00Zero can crack the case of the missing rare fish!

Math: We are continuing to work on our division strategies. Grade 3s are working on representing division facts in multiple ways and Grade 4s are focusing on long division.

Science: We are still working on the topic of Rocks and Minerals. We are now shifting our focus away from fossils and are looking at erosion.

Social Studies: We are still learning all about Ancient Egypt, we even learned how to write our names in hieroglyphics.

Just a reminder that all students are asked to bring in 100 things for our 100 Day trail mix for Tuesday, February 19.

Enjoy the week everyone!
Miss Krahn

Stay tuned to the next newsletter to learn about the secret library event that has been going on...not everyone has participated and for that reason, details have not yet been revealed!!

I hope everyone had a great long weekend. We would like to thank the parents for the hot dogs and snacks last Friday.

It would appear that all of the kids have decided on a topic for their science fair project. As stated in the letter that went home a couple of weeks ago, the majority of the project will need to be completed at home. Time to type up their findings and put the display together will be provided at school. The science fair is March 10.

Here is what we are up to in class:

ELA – Literacy Choices & Historical Fiction Stories

Math – New Unit “ Fractions”

Science – Measuring & Withstanding Force

Social Studies – Interactions with Indigenous People & Government of New France

Phys. Ed. – Low Organized Games & Basketball

Health – Resolving Conflict

REMINDERS:

Family Skate Night – Wednesday

Dress as Book Character – Thursday

TUSC – February 25

Have a great week.

S. Stephenson

On behalf of the staff and students here at Onanole Elementary School we would like to thank the parent group for organizing the Valentine’s Day luncheon last Friday, to the moms that volunteered that day, parents for sending in goodies to share, and anyone else who was involved whom I may have missed. Your kindness is greatly appreciated!!

seventh &

Hello,
We had a great time at the Curling Bonspiel.
Students did well!

ELA: Project presentations this week, writers workshop, and our class read-aloud continues.

Math: Grade 7: Circles and Area.

Grade 8: Ratio, Rate.

Science: Structures Unit, preparing for the grade 5-8 Science Fair, monthly STEM activities.

Social Studies: Presentations this week, starting Unit Global Quality of Life, current events

French: Grade 3-6 food unit. Grade 7/8 learning through technology and starting unit on food.

Shops is every Day 5, bus leaves 8:30am.
Band/Art every Day 1, 2, 4, 6 take the 8:30am high school bus.

All the best,
Ms.Nicole Wruth

Band days

1/2/4/& 6

Bus leaves at
8:30 am.

A vibrant, colorful background for a science fair poster. It features geometric shapes like triangles and circles in various colors (red, blue, green, yellow, orange), a planet with rings, and abstract patterns like wavy lines and circles. The overall theme is scientific and modern.

Onanole School Gr. 5-8

SCIENCE FAIR

MARCH 10, 2020

Evening Show: 7:00-8:00
Onanole School Gym
Finalists announced at 7:45
