Monday, Feb 8th: No Classes

IS I LOVE
TO READ
MONTH!!

Principals Message –

The last week of January is upon us and it certainly feels like Manitoba winter out there! Reminder to students to dress for the weather. We will be doing some indoor recess but we try to get them out for short periods when we can to allow for some fresh air.

As we work our way through the winter months and cold and flu season, please continue to be diligent about following the protocols that are in place that allow us to do in person school.

1. Check the screening tool daily.
2. If students exhibit symptoms, it is recommended to call Health Links for advice and information.
3. Students **must** be symptom free for 24 hours before returning to school.

Parenting during a Pandemic

Val Caldwell will be offering a virtual session to support parents as we all continue to walk through these challenging times. Please look for info in the newsletter on this virtual session, scheduled for Feb. 11th evening.

Take care everyone and have a good week.

Mrs. Ryznar

2021-2022

ROLLING RIVER SCHOOL DIVISION KINDERGARTEN REGISTRATION 2021-2022

Kindergarten Registration for the Rolling River School Division will be held during the week of February 1st - 5th, 2021 from 9:00-11:30am and 1:30-3:00pm. Children who will be 5 years of age on or before December 31, 2021 are eligible for Kindergarten.

Please register at the following catchment area schools:

SCHOOL	PHONE NO.
Douglas Elementary	763-4480
Erickson Elementary	636-2266
Forrest Elementary	728-7674
Oak River Elementary	566-2167
Onanole Elementary	848-2402
Rapid City Elementary	826-2824
Rivers Elementary	328-7416
Tanner's Crossing Elementary	867-2591

*Parents are required to present their child's birth certificate and medical number at time of registration.

*Please contact the School Division Office (867-2754 Ext. 0) if unsure of your catchment area school.

Kindergarten!

Brrrr...what a cold start to the week!

Please be sure to dress your child for the weather this week. On days when it's too cold outside, we will creatively have physical education in the classroom. If anyone has a little tikes basket ball net they could part with for the next couple of cold months, the kids would really appreciate it. They keep asking when they can play basketball.

In terms of our literacy and numeracy, kindergarten revisits concepts over and over to build strong foundations, and consistency and routine are key. They're all doing great and I'm so grateful for their consistent attendance.

Mrs. Lindsay

1st

2nd GRADE

Literacy

Grade 1s – Nouns and punctuation

Grade 2s – Common and proper nouns.

Working with commas

Math

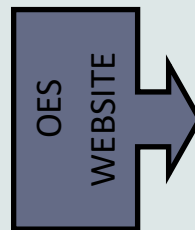

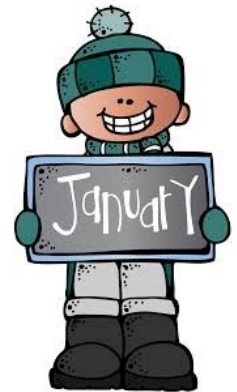

Grade 1s – doubles +1

Grade 2s – 2-digit addition

Social Sciences

Science – Force and Motion

Parenting during the pandemic!

Please join us for a virtual "coffee talk" as we discuss parenting during these difficult times. We will talk about open and honest conversation around the current state of the pandemic, recognizing your child's feelings and understanding how to model healthy ways to deal with your own feelings, as well as the positive role technology can play during these isolating

Hello everyone!

I hope that you all had an enjoyable week last week. Here are some of the topics that we will be focusing on over the next few weeks:

ELA: We are currently starting our new class read aloud "*Wish*". So far, we have learned that you can make a wish when it's 11:11, by blowing a dandelion, finding a coin, and wishing on a white horse. We are also working on making text-to-self, text-to-text, and text-to-world connections while we are reading.

Math: We are just starting our multiplication unit. We will be working on multiplication strategies and basic multiplication facts.

Science: We are currently focusing on static electricity and are excited to try out some cool static experiments over the next few weeks.

Social Studies: We will be focusing on levels of government and government responsibilities. Thank you to all families that submitted a Flipgrid interview about Canadian Citizenship. We enjoyed hearing all of the responses!

Wishing you all a safe, warm and healthy week!
Miss Krahn

I hope everyone had a great weekend. We were out snowshoeing most Phys. Ed. Classes last week and will be out again Tuesday to Thursday this week.

Career Trek also starts this Tuesday afternoon. This week's session is titled "Graphic Designer and Challenge Cards".

Here is what we are up to in our classes:

Math – Patterns & Rules

ELA – Literacy Choices & Short Stories

Science – New Unit "Air & Flight"

Social Studies – Getting to the Gold Rush

Phys. Ed. – Snow Shoeing & Low Organized Games

Health – Basic First Aid

REMINDERS:

Snowshoeing – Tuesday to Thursday

Career Trek Session # 1 – Tuesday

TUSC – Thursday

Inservice (No Classes) - Friday

Have a great week.
S. Stephenson

The last week of January, where did the time go? It sure has been nice to see everyone in person and to chat normally with you.

**Around the classroom:
Math 8: beginning their unit on square roots**

Math 7: beginning to look at algebraic expressions and finding patterns in tables

Science: studying what glaciers are and how they've shaped our world

Social: looking at life in Ancient Egypt

French: working on our oral and written communication of negative sentences

Health: labeling the reproductive system

Have a great end of January and let's hope these temperatures stay nice!

Mrs.T

Grade 7/8 – ELA~Mrs. Ryznar

We spent a good part of last week getting caught up from the remote learning time.

We had a wide variety of success during that time, so our goal was to start this week a little closer to the same page.

We will be focused on our Inquiry projects this week and our novel studies.

No school on Friday for students, as teachers participate in PD with the Erickson teachers.

5/6 Writers workshop

Last week started to look at some figures of speech and dug into Idioms. Some students are working on pieces to enter in The Meaning of Home contest which raises funds for Habitat for Humanity. Information will be sent home this week with those students who chose to participate.

Grade 7 & 8 SHOPS CLASS

We have officially started our Shops project for this year - ask us what we will be doing! Also, we will be needing yogurt + pudding cups for our Home Ec unit after Spring Break - please start saving them!

Ashley Delorme

Grade 7&8 Phys. Ed.

Just a reminder....

We have the snowshoes from January 18 to 28, and will be going out on them for some of our Phys. Ed. classes. The colder weather is now here and it is important that the kids have ski pants and winter boots.

Thanks
S. Stephenson
