2021

<https://oes.rrsd.mb.ca>

Onanole Staff and students wanted to find a way to honour the children who were found buried at the site of the former Kamloops Residential School. Each of our students took part in tying 215 orange ribbons to our school fence in representation of the 215 lives lost.

Our hearts are with the families of these children.

Happy Retirement!!!

A BIG part of our school community is moving on to more relaxing days ahead . Val Shellborn is retiring after a very long career at Onanole School - 1984- 2021 ! We have so appreciated all that you have brought to our Onanole School Community. The multiple lives that you have influenced through student support over your time here is immeasurable. Thank you for all that you are and all that you have done for Onanole School, our staff, and students past and present.

We will miss your laughter in the hallways and your presence in our school.

The very best of wishes in this next leg of your journey.

Love from , The Onanole Staff and students.

Principals Message

We have reached the final full week of our school year and it has been quite a ride. I am thankful to all members of our Onanole School community (Parents, students and staff) for your ongoing support through an unprecedented year. I have never navigated a pandemic school year and I feel incredibly grateful to have had our students in school as much as we did. We will not know what will be happening in schools for the fall until August and there will be communication from the division at that time. Our opening in the fall will be guided by public health and we have plans for 3 different levels of return based on their guidance.

I wish you all a restful, relaxing and safe summer.
Take care of yourselves and each other.

Kindest Regards,
Pam Ryznar

Kindergarten!

Happy First Day of Summer!

On June 21st, we celebrated the National Indigenous Peoples Day by watching Indigenous dancing and singing. We discussed culture and how what we eat, how we dress, our music and the way we celebrate can be examples of our culture. Last week we tied a ribbon to the fence to represent our understanding that All Children Matter.

It's so hard to believe that we only have 3 days left of school. On Tuesday, June 29th we will have our celebration day and we will also celebrate our summer birthdays; Fox, Aubrey and Kipten's. Even with the craziness of Covid, I have to say that I absolutely loved my school year with your children. They are all unique and fantastic little children and it's been a privilege to be their teacher.

Mrs. Lindsay

1st

2nd GRADE

Happy Father's Day! I hope you enjoyed the gifts the students made for you. They had a lot of fun making them.

This week we will be reviewing some of the bigger units we learned this year through fun games and activities. Please start sending back home reading books. I would like to have them all collected by this Friday.

On Friday, I am planning a pizza party with the kids for the last Friday of the year. I will order pizza from Sporty's. I will take care of the main lunch but please send snacks as you would a normal lunch. I will send an email later this week with more information. All Covid safe serving will be in place.

I hope everyone enjoys their summer break!

Miss Ushey

TO ALL of
our
families!!

Hello everyone,

I hope that you are enjoying the lead up to summer break! I want to let you know that you have done a fantastic job this year and I truly appreciate your support. Here are some things that the Grade 3/4s have been up to:

ELA: We are working on some reflective writing pieces that will be included in our Wow Work books. We are almost done the Land of Stories and have really enjoyed the exciting adventure into the fairy tale world.

Math: We are currently working on some math review and are working on completing the "Math Olympics".

Science: We wrapped up our unit on plants and enjoyed making some sandwich bags explode with baking soda and vinegar.

Social Studies: We will be playing some interactive games that will review what we learned this year.

I hope that you have a great summer!
Miss Krahn

I hope everyone had a good weekend. We are down to our last few days of school. It has been quite the year. I have really enjoyed working with this group of kids.

They have done a great job of navigating through all the changes and challenges this year. They should be very proud of themselves and all they've accomplished personally and academically. We covered a lot of information and I hope the kids had some fun along the way.

I also want to thank the parents for all your support this year. Everything you have done to help your students and myself is greatly appreciated.

I look forward to having the grade 5s back with me next year, and wish the grade 6s all the best in junior high.

Here is what we are up to in our subjects:

- Math – Rotations & Computation Strategies
- ELA – Literacy Choices
- Science – Anything Project
- Social Studies – World War 1
- Phys. Ed. – Low Organized Games
- Health – Nutrition

REMINDERS:

- WW1 Crossword - Thursday
- TUSC – Friday
- Anything Project – June 28

Have a fun and relaxing summer!
Mr. Stephenson

... and support staff.

...to our community.

Well we finally made it to the end, back in September it felt like we would never get here. I am so proud of the students for their hard-work and resiliency during this crazy time and for making it a great year, despite not being able to participate in a lot of the things we normally get to. I also would like to thank the parents for all of their support during this school year. I wish the 8s all the best next year in high school and look forward to spending more in class time with the 7s as they move into Grade 8. I hope you all have a well deserved, fun summer.

Mrs. Tyschinski

Thank you to Mrs. Ryznar and the Grade 7 & 8 students for a wonderful term here at Onanole School. I have thoroughly enjoyed working with the staff and students, and I am grateful to have had the experience and opportunity.

Mrs. Peggy Nichols

Enjoy your summer break and all the best to the grade 8's next year at ECI!

Miss Delorme

Farewell to our Grade 8 students who are moving on to the Highschool next year. You are all ready for the next leg of your journey and all that awaits you in Highschool. It really isn't as scary as you think.

Hudson – you will be remembered for your on site tech support skills, your compassionate nature and your ability to jump!

Juan – you will be remembered for your wise and kind ways. We were so lucky to have you join our school community from the Philippines in Grade 5.

Quentin – you will be remembered for your amazing citizenship. You were always the first to offer to hold the door or bring in the equipment.

Addison- you will be remembered for your calm and organized nature and your quiet presence in the classroom.

Greta- you will be remembered as a blur going by on the soccer field or the swings. Your kind and caring nature will be missed.

Zach – you will be remembered by (Mrs. R) as the first student whose parent I also taught. Your sense of humor and kind nature will be missed.

Mikayla- you will be remembered for your straight forward attitude. Your mature, kind and empathetic spirit will certainly be missed.

Ava- you will be remembered for your avid reading (5 books at one time!) , your love for writing and your passion for hockey and volleyball.

Larissa- you will be remembered for your energetic and enthusiastic nature. We were lucky to have you join us here for your middle years.

Annabelle- you will be remembered for your passion for the environment and love of animals.

Wishing you all the very best in your high school years.

Don't be shy to stop in for a visit
