June 29: Last Day of Classes!!

The Grades K-2 had a great time on their field trip to RMNP. The sun was shining down and their day was jam packed with so much fun!! Read on Pg 2 to learn what they did!

Principals Message

Last newsletter of May and we are headed into the final stretch of our 2021/ 2022 year.

Classes have already begun to experience field trips again and all classes have plans in the works for an excursion. More detailed information to come from teachers on those upcoming plans.

Congratulations to all of our grade 5-8 track participants. It was great to see the kids connected with students from other schools and there was lots of school spirit shown cheering one another on. Thanks for Mr. Stephenson for overseeing our school participation to the event coaches for their time and efforts to support the students. We had 3 grade levels of students who had never been before so there was lots of learning.

The parent group has started up again as well and they are working with the school to plan our first school community event in a very long time. We are looking forward to some end of year celebrations as we move into June as well as some farewells to two of our staff members. Miss Ushey and Miss Lindsay have both taken jobs closer to their homes for the upcoming school year. We will miss them both very much but wish them both well in their new adventures.

Mrs. Ryznar

Onanole Parent Group Message

Join the school community on National Indigenous Peoples Day for a Feast in the Field

Who: Parents and children of all ages in the Onanole School Community.

What: BBQ picnic and Round Dance.

Hotdogs, water, and juice will be provided. Families to bring their own sides/snacks to mitigate allergies and intolerances.

To reduce waste please remember to bring your own plates, utensils and cups!

Where: Onanole Elementary schoolyard - rain location TBA.

When: June 21, 2022, starting at 5:30 p.m. (BBQ will be available until 6:30 p.m.)

Why: End of school year gathering in celebration of National Indigenous Peoples Day

A silver collection and non-perishable food collection will take place for the Southquill Foodbank.

A few more details...

Teepees will be set up in the morning on June 21 by the girls and two-spirit people in the Grade 7/8 class, led by Shar Moodee. This will also be opened up for women and two-spirit people in the school community who are interested in joining to assist and/or be present for teepee teachings. More information on timing to come.

Afternoon programming for the students will include activity stations hosted by Friends of RMNP.

A loose program will be sent home a week before the event. Stay tuned for more info!

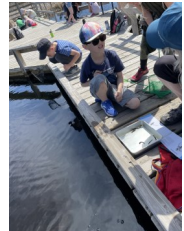

Happy June! **Kindergarten!**

Oh my, our last month together. It's incredible to see how much the kindergarten class has grown this year. We had an excellent fieldtrip last week and I look forward to a few more fieldtrips around town this month.

We will continue to learn about our community and even go play golf on a nice day.

This week, we will write a book to share our fieldtrip experience with you and focus on shapes and space in our environment. Our final assessments will also begin, so please be sure to practice letter sounds with your child in a fun way. Play, I spy my little eye using sounds or visit Starfall together and have them share what they know.

Mrs. Lindsay

We had a wonderful time on our first field trip on Friday. The weather was beautiful. Students planted and brought home two different types of wilds flowers. Students had a blast on marsh walk catching and identifying different types of critters that live in the marsh. It tied in perfectly to our science unit on living and non-living things!

This week in literacy we are working on the Gentle Cindy spelling rule. This rule talks about using the soft g and c sounds when reading and writing. Grade 2s continue to work on their novel study Pirates Past Noon. They have enjoyed reading this chapter book together and answering questions.

In math we are going to finish up our unit on shapes and geometry. We are working on identifying and labeling 2D and 3D shapes. We will start our last unit on graphing data next week.

I hope everyone has a wonderful week

Miss Ushey

Grade 3 / 4

Hello everyone,

I hope you are all doing well! Here are some reminders and subjects we will be working on in class over the next few weeks:

ELA: We are enjoying our class read aloud novel, Class Pets! We are currently working on writing and illustrating comics to go with the story. We have also been working on publishing our own written stories.

Math: We are currently working on division facts; we will soon be moving onto area and perimeter.

Science: We are enjoying our habitat unit. We are so excited to learn more about animals and their habitats.

Social Studies: We loved presenting our Australian animal PowerPoints in class last week. Stay tuned as we continue to study the world community of Australia.

Just a reminder to please return field trip permission forms to school ASAP!

Have a great week,
Miss Krahn

Grade 5/6

I hope everyone had a great weekend. We were able to dodge the rain and get our Track & Field Meet in yesterday. The kids put a lot of hard work into practicing their events and should be very proud of themselves.

A permission slip for our field trip on June 16 went home last week. Please keep the top portion of the paper as there is information about the schedule for the day on the back of the page.

Here is what we will be up to in our subjects:

Math – Translations, Reflections & Rotations

ELA – Literacy Choices & Reading Groups

Science – Air Pressure, Types of Clouds & Precipitation

Social Studies – Fur Trade Magazine

Phys. Ed. – Tennis Baseball & Low Organized Games

Health – Self-Regulation & Taking Responsibility

REMINDERS:

Field Trip Permission Slip

TUSC – June 7

Field Trip – June 16

Have a great week.

Mr. Stephenson

Grade 7/8

Wow I can't believe it's June, so hard to believe we are into the last month of school. JR High's last day is June 22 provided all of their assignments are in. Field trip is set for June 15.

Around the Classroom:

Math 7: quiz tomorrow (Wednesday) on data analysis, then we will begin review for their exam. Dates for the exam are June 14 and 16

Math 8: wrapping up their per cent unit on sales tax. There will be no quiz. Then we will begin review for their exam. Dates for the exam are June 14 and 16

Social Studies: finishing their World Human Injustice project. Presentations to begin this Friday.

Science: Creating a Bill Nye video on a unit of study will begin end of next week.

French: partner project on a chocolate manufacturer, this will be their last assignment for the year

Health: wrapping up our unit with a final discussion about sextortion amongst teens, final quiz in a couple weeks.

Have a great June, fingers crossed the weather improves.

Mrs. Tyschinski

Grade 7/8 ...Mrs. Ryznar

EIA/ Art

We are finishing up our focus on poetry over the next week or so and will be finishing up the filming of our parodies. In Art class we collected rocks to paint to put out and around the community.

Final Assessments will run from June 10th to the 21st. The last day of school for the grade 7/8 students is June 22nd.

Track and Field May 30th 2022

For the students of the RRSD who participated in Track and Field, the conditions could not have been more perfect yesterday. They did not get sunburnt or rained on.

The one thing that I admire when watching, is not only the positive competitive nature of everyone, but the support they give each other and the social aspect that it creates which bring people together again.

Our students from Grades 5 to 8 who participated yesterday did a fantastic job competing in their events and some said that they even surprised themselves.

Congratulations to our students on cheering everyone on and to those who placed in their events.
