Upcoming EVENTS

Wednesday, Oct 26th: Student Vote

Monday, Oct 31st: Halloween

Looking ahead

Thursday, Nov 10th: Inservice/No School

Friday, Nov 11th: Remembrance Day

Halloween-Oct 31st at OES

The grade 7/8 students are planning some Halloween activities for Monday Oct 31st. Kindergarten will have class on Monday Oct 31st instead of Friday Oct 28th. A reminder that costumes cannot include weapons.

Counsellor's Corner

6 SELF-TALK PHRASES TO HELP KIDS FEELING ANXIOUS

"Anxiety is uncomfortable, but not dangerous."

"I don't have to believe everything I think."

"This worry is just a false alarm."

"Anxiety is not the boss of me. I'm the boss of me."

"My body can handle these feelings until they pass."

"I am the ocean. This feeling is just a passing wave."

If anyone is looking for some Halloween fun this weekend Elkhorn Resort will be hosting a bonfire on Friday evening 6-8pm and on Saturday there will be arts and crafts, pumpkin carving at 2pm, trick or treating 4-5pm, and a movie at 7pm.

Kindergarten!

It's been a busy last few weeks! From the fire safety day to school photos. Our three pumpkin plants are all now growing just in time for us to learn about pumpkins this week. We will be learning about different ways to measure the pumpkins, more about the pumpkin life cycle and then decorating them for Halloween. Last week we started our piñata by layering paper maché strips on a balloon. This week we will be painting and decorating our piñata for the Halloween celebration next week. We also got 4 new fish in the classroom and everyone is enjoying either feeding them or watching them eat. In phonics we will be working on letters C and K and reading a Halloween counting book. As a reminder, there is no kindergarten on October 28 so that your child can attend on October 31 for the school Halloween celebration. If you would like photos of your child taken during the celebration and sent to you, please stick a note in their daily planner.

~Ms. Clark

There are more photos throughout the newsletter and explanation of the afternoon on page 3.

Grade 1/2

The woods would be very silent if no birds sang there except those that sang best. Find your voice, and have courage to sing your true song.

As we have been introducing new friends to our forest like the bunnies, bear, bats and birds we are also learning to appreciate each one of us each day for bringing our own tune to the classroom. We create daily opportunities to express ourselves in honest ways and respect one another's ideas and ways of doing things even when they are different.

The grade ones and twos are enthusiastic to start working on our first research project! The students will choose an animal to discover how they adapt for winter. Their animal may love the winter months or could be animals that hibernate or migrate. We will find creative ways to represent how they respond to the changing seasons while connecting which animals have similarities and differences in the way they adapt to the cold.

Are you feeling prepared for the cold weather that seems to be approaching?!

What animal do you resemble in the winter months? Maybe you prefer to hibernate like the bear, or you might know someone that flies south as soon as the snow falls. You might be excited to take out your sleds, or possibly looking more forward to a warm cozy blanket and books on those cold winter nights.

Each animal has their own way, just as we do!

Stay warm,
Ms. Silverthorn

2022 Library Schedule

Day 2: Kindergarten

Day 3: Grade 1/2

Day 4: Grade 7/8

Day 5: Grade 3/4

Day 6: Grade 5/6

Grade 3/4

Hello everyone,

I hope you are all enjoying the excitement in the run up to Halloween. We will be participating in various fun and spooktacular events on Monday, Oct. 31st. I can't wait to see everyone's costumes. Here are some of the topics we will be covering in class over the next few weeks:

ELA: Connecting to texts by making connections to ourselves, the world and other books. We are also working on using commas and apostrophes in our writing.

Math: Gr. 4s Adding Numbers to 10,000
Gr. 3s Adding Numbers to 1,000

Science: Structures Research Projects and Structures Design Project.

Social Studies: Student Vote & Canadian Geography.

Just a reminder we have library on Monday, Oct. 31st. Please remember to return your library books.

Have a great week everyone!
Miss Krahn

Grade 5/6

I hope everyone had a great weekend. We would like to congratulate Becks, Paxton, Zoe and Cedar for participating in the school division cross-country run last Thursday in Minnedosa, and to Ms. Krahn for coaching the team. Also thank you to the Onanole Fire Department for an awesome afternoon of presentations and activities last Wednesday.

Here is what we are up to in our classes:

Math – Decimals & Fractions

ELA – Literacy Choices & Reading Groups

Science – Animal Research Project & New Unit “The Solar System”

Social Studies – Prime Minister Research Project & The Metis

Phys. Ed. – Low Organized Games & Volleyball

Health – Fitness Components Posters & Heart Rate

REMINDERS:

Prime Minister Project - Thursday

Animal Project – Friday

Science Test - Friday

TUSC – October 31

Have a great week.

Mrs. Cameron & Mr. Stephenson

Onanole School would like to send a **BIG** thank you to the Onanole Fire Department for coming to the school last Wednesday afternoon to talk about Fire Safety. They had 5 stations which our Spirit Groups had the opportunity to take part in. The stations consisted of the Fire Hose Station, Fire Safety Talk, Thermal Camera, Smoke Trailer, and Have an Escape Plan.

Great discussions about Fire Safety and Escape Plans were had that remind us all to **HAVE A PLAN!!** It is the utmost important thing for everyone to have and practice in their homes in case of a fire, so you can get out as quickly and safely as possible to your meeting spot. All students and staff enjoyed the stations!!

How often should you test your smoke alarms?

Every month!! Test your alarm whether it is battery powered or hard-wired by pressing the button on your smoke alarm and keeping it pressed down.

Grade 7/8

What a beautiful week we had last week, hopefully the forecasted snow stays away!!

Around the Classroom:

Math 7: working on adding/subtracting fractions

Math 8: working on solving a variety of algebra questions before applying it to the distributive property

Science: through a variety of experiments looking at ways that the flow rate of a fluid is impacted before moving onto density of objects

French: quiz at the end of the month on the vocabulary and questions we've been working with. Starting an oral/written assignment about our favorite movie and actors.

Happy Halloween!
Mrs. Tyschinski

Grade 7/8 news ELA

Mrs. Ryznar

Students will be looking at the use of dialogue this week in writing and the power of character insights. Our reading goals have been set for our own choice books and our Circle share will be happening next week. TUSC meeting is happening on Wednesday morning this week.

Enjoy the October weather.
