

Websites with Resources that you can use:

Scholastic

Scholastic has put out an amazing effort in creating online lesson plans (5/week) for free which offer children a read a loud story, video/song and a follow up activity that relates to the theme. Currently there are four weeks of activities available.

Check out the pre-K/K lessons at:

Pearson Mathology

Pearson has created a free online story that is read out loud and has a follow up activity online to support the lesson. A new story is added each week. Be sure to try the Kindergarten stories and activities and even some of the Grade one stories and activities for a challenge!

Assiniboine Park & Zoo

If you have Facebook check out Assiniboine Park and Zoo and watch the creature features they have posted online about the animals that live in the zoo in Winnipeg!

Tumblebooks

Tumblebooks (usually a paid online library) can now be accessed for free through the Western Manitoba Regional Library. Tumblebooks and TumbleMath (which I find too difficult for many Kindergarten students) have online books read out loud for your child. In tumblebooks there are many favorites that we have already shared by author Robert Munsch and David Shannon and you can search for books by theme, author or just randomly pick and enjoy. The books offer a grade level appropriate rating as well to assist with what books you may or may not want to listen to/watch. Enjoy at:
